

## **ICAR-AINP ON SAP MAIN CENTRE, KARNATAKA**

### **Research Papers**

1. Aparna, S., Deepak Naik and Kumar, A.R.V., 2018. Structural composition and diversity of Scarab beetle communities in different ecosystems of South Karnataka. *J. Entomol. Zool. Stud.*, **6**(5): 61-66.
2. Kumar, N.G., Prakash, K.V., Nirmala, P. and Avinash, T.G., 2018. Impact of earthen sheeting's of *Odontotermes horni* (Wasmann) and surrounding soil on the growth of finger millet crop. *J. Soil boil. Ecol.* 38 (1&2): 213-222.
3. Kumar, N.G., Prakash, K.V. and Avinash, T.G., 2020. The weight of termites [*Odontotermes horni* (Wasmann)] replaced soil with the height of sheeting on the trees. *J. Soil Biol. Ecol.* **40**(1): 36-39.
4. Kumar, N.G., Prakash, K.V. and Avinash, T.G., 2020. Comparative physical properties of four species of *Odontotermes* in red sandy loam soil. *J. Soil Biol. Ecol.* 40 (2): 17-25.
5. Kumari Manju, D. Manjulakumari and Kumar, A.R.V. 2013. Evaluation of local *Bacillus thuringiensis* from the soils of Western Ghats Karnataka and their potential against white grub, *Holotrichia serrata* (F.) (Coleoptera) and house fly, *Musca domestica* L. (Diptera). *Asian Journal of Bio Science*, **8**(2): 221-224.
6. Nayimabanu T. and A.R.V Kumar, 2015. Characterization and toxicity studies of *Bacillus thuringiensis* against white grub, *Holotrichia serrata*. *Asian Jr. of Microbiol. Biotech. Env. Sc.* 17 (1): 213-218
7. Nayimabanu,T., Kumar, A.R.V. and Prakash, K. V. 2015. Isolation, characterization and evaluation of *Bacillus* spp. infective to white grubs. *Green Farming.*, **6**(5) 1121-1125.
8. Prabhuraj, A., C.A. Viraktamath, and Kumar, A.R.V. 2001. Evaluation of silkworm larva and root grub for the in vivo mass production of entomopathogenic nematodes. *Karnataka J. Agril. Sci.*, **14** (2): 378-381.
9. Prabhuraj, A., Viraktamath, C.A. and Kumar, A.R.V. 2003b. Evaluation of silkworm larva and root grub for the in vivo mass production of entomopathogenic nematodes. *Indian J. Ent.*, **65**(1): 34-37.

10. Prakash, K.V. and Nirmala. P., 2020. Catalogue of Hybosoridae of the Indian Subcontinent. *J. Soil Biol. Ecol.* **40** (1): 46-61.
11. Prakash, K.V. and Rajanna. D., 2020. Farmers' perception and management practices of areca nut white grubs, *Leucopholis* spp. (Coleoptera: Scarabaeidae) in Karnataka. *J. Soil Biol. Ecol.* **40** (2): 63-76.
12. Prakash, K.V., Jacob, J. and Nirmala. P., 2020. Taxonomic status of genera *Holotrichia* Hope and *Leucopholis* Dejean (Scarabaeidae: Melolonthinae) of India. *J. Soil Biol. Ecol.* **40** (2): 40-51.
13. Prakash, K. V., Padmashri, H. S. and Rajanna, D. 2022. Assessment of yield loss in Vanilla, *Vanilla planifolia* Andrews (Orchidaceae) caused by the Giant African Snail, *Lissachatina fulica* (Bowdich, 1822). *Pest Management in Horticultural Ecosystems*, **28** (1): 38-46.
14. Prathibha P.S., Subaharan, K. and Kumar, A.R.V., 2017. Toxicity and dissipation of soil insecticides applied in the management of arecanut white grub, *Leucopholis burmeisteri* Brenkse (Coleoptera: Scarabaeidae). *Phytoparasitica*. **45**:155–163.
15. Suchithra Kumari, M.H. And Kumar, A.R.V., 2017, Diversity of scarab beetles attracted to light in two perennial agro-ecosystems of Mudigere. *Mysore J. Agric. Sci.*, **51**(2): 287-296.
16. Ali, T. M. M., 2001, Biosystematics of phytophagous Scarabaeidae-An Indian overview. In: *Indian phytophagous scarabs and their management: Present status and future strategy*, Eds., Sharma, G., Mathur, Y. S. and Gupta, R. B. L., Agrobios, Jodhpur., pp. 5–47.
17. Kumar, A. R. V. and Prakash, K. V. 2011. Description of Indian white Grubs: Temporal trends and spatial patterns (Coleoptera:Scarabaeidae: Melolonthinae) National Seminar on Forest Resources: Diversity,Utilization and Conservation at GKVK from 9-11 March, 2011.
18. Patil, S.P. and Veeresh, G.K. 1981. Description of larvae (*Leucopholisburmeisteri* and *L. lepidophora*) (Scarabaeidae: Coleoptera). In: G.K. Veeresh (ed.) *Progress in Soil Biology and Ecology in India*, 1979, UAS Tech. Ser. No. **37**, pp.172-178.
1. Patil, S.P. and Veeresh, G.K. 1984a. Description of the third stage larva of *Anomalaruficapilla*Burm. (Rutelinae: Coleoptera). *J. Maharashtra Agric. Univ.*, **9**(1): 56-58.

2. Patil, S.P. and Veeresh, G.K. 1984b. External features of the larva of *Holotrichiarufoflava*Brenske (Coleoptera: Scarabaeidae). *J. Maharashtra agric. Univ.*, **9**(1): 58-60.
3. Patil, S.P. and Veeresh, G.K. 1984c. The larva of *Apogoniaraauca*Fabr.(Coleoptera: Scarabaeidae: Melolonthinae). *J. Maharashtra Agric. Univ.*, **9**(1): 111-112.
4. Patil, S.P. and Veeresh, G.K. 1985. Third stage larva of *Holotrichiarustica*Burmeister (Melolonthinae:Scarabaeidae: Coleoptera). *J. Soil Biol. Ecol.*, **5**(2): 116-119.
5. Patil, S.P. and VeereshG.K., 1988a. Description of the larva of *Holotrichiasculpticolis* Blanchard (Coleoptera:Scarabaeidae: Melolonthinae). *Bull. Ent.*,**29**(1): 76-79.
6. Patil, S.P. and Veeresh, G.K. 1988b. The third stage larva of *Holotrichiafarinosa*Nonfried (Melolonthinae: Scarabaeidae). *J. Soil Biol. Ecol.*, **8**(2): 143-146.
7. Patil, S.P. and Veeresh,G.K. 1988c.The larvae of *Anomalacommunis*Burm.and*Anomalagemula* Arrow (Coleoptera: Scarabaeidae). *J. Maharashtra agric. Univ.*, **13**(1): 16.
8. Patil, S.P. and Veeresh, G.K. 1988d.Description of the larvae of *Anomaladorsalis*Fabricius and *Anomaladussumieri* Blanch. (Coleoptera:Scarabaeidae). *J. Maharashtra agric. Univ.*, **13**(1): 107.
9. Patil, S.P. and Veeresh, G.K. 1988e. Description of the third stage larva of *Holotrichiafarinosa*Nonfried (Melolonthinae: Scarabaeidae: Coleoptera). *Bull. Ent.*,**29**(1): 61-64.
10. Prakash, K.V.,Jacob, J. and Nirmala.P., 2020. Taxonomic status of genera *Holotrichia*Hope and *Leucopholis*Dejean (Scarabaeidae: Melolonthinae) of India.*J. Soil Biol. Ecol.* **40**(2): 40-51.
11. Veeresh, G.K., 1974. Nomenclature of the genus *Holotrichia* Hope, 1837.White grubs *Newsletter*, **1**(2): 17-18.
12. Veeresh, G.K., 1981. Larval taxonomy of white grubs with special reference to Melolonthinae beetles. Final Project Report, ICAR Adhoc Project on Larval Taxonomy of Melolonthinae beetles, 1977-80, Dept. of Entomology, UAS, Bangalore.
13. Veeresh, G.K. and Reddy, N.V.M. 1978.Some aspects of larval taxonomy of white grubs of Karnataka - India.**In:** C.A. Edwards and G.K. Veeresh (eds.). *Soil Biology and Ecology in India*, UAS Tech. Ser. No. **22**: 216-222.

#### **b. Bio-ecology and diversity of white grubs:**

1. Aparna, S.,ShanmugaBharathyM., Kumar, A.R.V. and Prakash, K.V. 2013.A comparative analysis of diversity of Scarabaeoidea in five different locations of

Karnataka.X-National Symposium on Soil Biology and Ecology organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bengaluru from 19<sup>th</sup> to 21<sup>th</sup> December, 2013 at GKVK campus.

2. Aparna, S., Kumar, A.R.V. and Prakash, K.V. 2016. Body length ratio of Scarabs (Coleoptera:Scarabaeidae). XI-National Symposium on Soil Biology and Ecology organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bangalore from 19<sup>th</sup> to 21<sup>th</sup> December, 2016 at GKVK campus.
3. Aparna, S., Deepak Naik, Kumar, A.R.V. and Prakash, K.V. 2016. Structural composition and diversity of Scarab beetle communities in different ecosystems. 40<sup>th</sup> Annual Conference of ESI and National Symposium on Behavioural Ecology and Management of Agriculturally Important Animals held from 27-28 December, 2016 at University of Agricultural and Horticultural Sciences, Shivamogga.
4. Aparna, S., Deepak Naik and Kumar, A.R.V., 2018. Structural composition and diversity of Scarab beetle communities in different ecosystems of South Karnataka. *J. Entomol. Zool. Stud.*, **6**(5): 61-66.
5. Ganeshiah, K.N. and Kumar, A.R.V. 1993. Self organisation and chemically mediated aggregation of adults in the white grub, *Holotrichiaserrata* (Coleoptera:Melolonthidae). In: T.N. Ananthakrishnan & A. Raman (eds.), *Chemical Ecology of Phytophagous Insects*. Oxford & IBH Publ. Co., New Delhi, pp. 169-178.
6. Kumar, A.R.V. and Veeresh, G.K. 1990. Field biology of *Leucopholis* spp. in Areca nut ecosystem in Karnataka. Paper presented in IX PLACROSYM, Bangalore.
7. Kumar, A.R.V. and Veeresh, G.K. 1991a. Mate choice in *Leucopholislepidophora* (Coleop.:Scarabaeidae). Abst. 22<sup>nd</sup> International Ethological Conference held at Otani Univ., Kyoto, Japan on 22-29 August 1991.
8. Kumar, A.R.V. and Veeresh, G.K. 1991b. Consequences of female-male aggregations in *H.serrata* for mate finding. Abst. I Natl. Symp. on Unconventional pests: Control v/s Conservation and Natl. Seminar on Animal Behaviour, held at Bangalore on Oct. 14-16, 1991, pp.117-118.
9. Kumar, A.R.V. and Veeresh, G.K. 1992. Evidence for the existence of sex pheromone in the white grubs *Holotrichiaserrata* and *Leucopholislepidophora*. Paper presented in IV National Symposium on Soil Biology and Ecology in India, Bangalore.
10. Kumar, A. R. V. and Prakash, K. V. 2012. Lessons from fauna of British India volumes: An analysis of Rutelinae of the Indian subcontinent. National Seminar on Conservation of Faunal Diversity of Western Ghats: Problems and Perspectives. 30-31 August, 2012. Organised by Sri Jagadguru Chandrashekhar Bharathi Memorial College and Sri Sharada Peetham, Sringeri-577 139.

11. Kumar, A.R.V., Karthikeyan, C. and Veeresh, G.K. 1991. Within season host shifting by *H.serrata* (F.). *Abst.I Natl. Symp.on Unconventional pests : Control v/s Conservation and Natl. Seminar on Animal Behaviour*, held at Bangalore on Oct. 14-16, 1991, pp.118.
12. Kumar, A.R.V., ManjuKumari, Prakash, K.V. and NayimaBanu. 2011. Symbionts associated with white grubs. *National Symposium on Harnessing Biodiversity for Biological Control of Crop pests* held on 25-26<sup>th</sup> May, 2011, organised by Society for Biocontrol Advancement, National Bureau of Agriculturally important Insects, Bangalore.
13. Kumar, A.R.V.,Aparna, S.,Prakash, K.V.and ShanmugaBharathyM. 2013. Size weight relations for scarabs (Coleoptera: Scarabaeidae). *X-National Symposium on Soil Biology and Ecology* organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bengaluru from 19<sup>th</sup> to 21<sup>th</sup> December, 2013 at GKVK campus.
14. Kumar, A.R.V.and Prakash, K. V. 2013.Lessons from faunal volumes : an analysis of the data available in the fauna of british india volume on rutelinae by G.J. Arrow. *X-National Symposium on Soil Biology and Ecology* organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bengaluru from 19<sup>th</sup> to 21<sup>th</sup> December, 2013 at GKVK campus.
15. Kumar, A.R.V. and Prakash, K.V. 2016. Opportunistic predation of Arecaanut white grubs by a common predator.*XI-National Symposium on Soil Biology and Ecology*organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bangalore from 19<sup>th</sup> to 21<sup>th</sup> December, 2016 at GKVK campus.
16. Kumar, A.R.V. and Prakash, K.V., 2016 Operational sex ratios in *Leucopholislepidophora*.*40<sup>th</sup> Annual Conference of ESI and National Symposium on Behavioural Ecology and Management of Agriculturally Important Animals* held from 27-28 December, 2016 at University of Agricultural and Horticultural Sciences, Shivamogga.
17. Prakash, K.V.and Kumar,A.R.V. 2012. What is the relative proportion of the Rutelinae along the Western Ghats?: A preliminary analysis. National Seminar on Conservation of Faunal Diversity of Western Ghats: Problems and Perspectives. 30-31 August, 2012. Organised by Sri JagadguruChandrashekharBharathi Memorial College and Sri SharadaPeetham, Sringeri-577 139.
18. Prakash, K.V. and Kumar, A.R.V. 2016. Adult beetle activity pattern of white grub, *Holotrichia serrata* (F.) (Coleoptera: Scarabaeidae): A pre-requisite to evolve management strategies. *XI-National Symposium on Soil Biology and Ecology* organized by the Indian Society of Soil Biology and Ecology, Dept. of Entomology, UAS, Bangalore from 19<sup>th</sup> to 21<sup>th</sup> December, 2016 at GKVK campus.

19. Prakash, K. V. and Kumar, A.R.V. 2016. Dynamics in the infestation pattern of arecanut white grubs in Karnataka: the pest problem might prevail at the same intensity in the near future.*40<sup>th</sup> Annual Conference of ESI and National Symposium on Behavioural Ecology and Management of Agriculturally Important Animals* held from 27-28<sup>th</sup> December, 2016 at University of Agricultural and Horticultural Sciences, Shivamogga.
20. Shivayogeshwara, B. and Veeresh, G.K. 1983a. Dispersal and migration of *Holotrichiaserrata* adults (Coleoptera: Scarabaeidae: Melolonthinae). *J. Soil Biol. Ecol.*, **3**(1): 39-47.
21. Shivayogeswara, B. and Veeresh, G.K. 1983b. Movement and migration of white grubs (*Holotrichiaserrata* F.) in soil with varying cropping patterns and soil types. *J. Soil Biol. Ecol.*, **3**(2): 136-146.
22. Siddappaji, C. and Kumar, A.R.V. 1981. A case study of root grubs (*Holotrichia* sp.) damage to pigeon pea and its control. *Soil Biol. Ecol. Newsletter*, **2**(1): 3-4.
23. SuchithraKumari, M.H. And Kumar, A.R.V., 2017, Diversity of scarab beetles attracted to light in two perennial agro-ecosystems of Mudigere. *Mysore J. Agric. Sci.*, **51**(2): 287-296.
24. Veeresh, G.K., 1974a. An unusual damage to guava trees due to white grubs. *White grubs Newsletter*, **1**(1): 15.
25. Veeresh, G.K., 1974b. The grubbiest grub going. *Kisan World*, **1**(2): 29-31.
26. Veeresh, G.K., 1974c. Notes circulated in the meeting of working group on white grubs, held on March 16, 1974 in ICAR.
27. Veeresh, G.K., 1977a. Pest status of different species of white grub endemic to various states in India and their distribution. ICAR Summer Institute on Whitegrub held at University of Udaipur, May 27-June 25, 1977.
28. Veeresh, G.K., 1977b. Distribution and abundance of white grubs in relation to environment. *Symposium on Insect and Environment*, Delhi University, Feb. 21-23, 1977.
29. Veeresh, G.K., 1977c. White grubs and environment. Paper presented in *All India Symp. on Environ. Biol.*, Kerala University, Kariavattam, Trivandrum, Dec. 27-29, 1977.
30. Veeresh, G.K., 1978. White grubs abundance and distribution. *White grubs Newsletter*, **2**(4): 31-36.
31. Veeresh, G.K., 1979. Some aspects of bioecology of white grubs in India. Paper presented in the Natl. Symposium on Bionomics and Control of white grubs held at Kanpur, April 8-9, 1979, pp.

32. Veeresh, G.K., Kumar,A.R.V. and Musthak Ali, T. M. 1990.Biogeography of pest species of white grubs of Karnataka.**In:** G.K. Veeresh, D. Rajagopal and C.A. Viraktamath (eds.) *Advances in Management and Conservation of Soil Fauna*. Proc. 10th Internatl. Soil Zool. Colloq., August 7-13, 1988, Bangalore, Oxford & IBH Publishing Co., New Delhi, pp. 191-198.
33. Veeresh, G.K., Kumar,A.R.V. and Musthak Ali, T.M. 1988. Survey and surveillance of white grub pests in India. *Abst.Natl. Workshop on pest and disease surveillance for IPM* held at TNAU, Coimbatore, on Sept. 16-17, 1988, pp. 140-142.
34. Veeresh, G.K., Vijayendra, M. Reddy,N.V.M. and Rajanna, C. 1982.Bioecology and management of areca white grubs (*Leucopholis* spp.) (Coleoptera:Scarabaeidae: Melolonthinae).*J. Soil Biol. Ecol.*, **2**(2): 78-86.
35. Veeresh, G.K., Vijayendra, M.,Reddy, N.V.M.,Rajanna,C. and P.S. Rai, 1985.Bioecology and management of white grubs on arecanut.**In:** K. ShamaBhat and C.P.R. Nair (eds.). *Arecanut Research and Development*. Proc. Silver Jubilee Symposium on Arecanut Research and Development held at CPCRI, Regional Station, Vittal 574 243, Karnataka on Dec. 13-14, 1982, pp.147-149.
36. Veeresh, G.K. and B.N. Vishwanath, 1983.Crop losses due to white grubs. All India Seminar on Crop Losses due to Insect Pests, APAU, Hyderabad, 7-9 Jan. 1983.
